JOB OFFER

Vescom Sp. z o.o. Sp. K. provides comprehensive IT services: integrations, deployments, infrastructure design, delivery, enterprise-class equipment installation and testing. We have over 15 years of experience and numbers of successfully executed vast implementation projects. Our team consists of top specialists with great experience gained in the largest Polish and global companies.

The main partners of Vescom: Dell EMC (Platinum Partner) and Samsung (Platinum Partner for Mobile), Microsoft, Konica Minolta, Cisco, APC, VEEAM, Veritas.

Due to the dynamic development of our company we are currently looking for a person for the following position:

Graphic Applications Developer

Place: Łódź

SCOPE OF WORK

- execution of programming tasks
- use of a version control system and task assignment tool
- use and preparation of technical documentation
- development and broadening of skills along with project development

REQUIRED programming skills

- experience in creating real-time rendering applications on the Windows platform
- experience in working with large polygon meshes
- experience in interface development and user interaction design

ADDITIONAL programming skills

- knowledge of game engines (Unity 2018+, Unreal Engine 4.20+)
- experience in creating applications for the Android or iOS 12+ (Swift) platforms
- knowledge of the .NET platform (.NET Core preferred)
- experience in creating and using SQL databases
- knowledge of IDE: Visual Studio, Android Studio / IntelliJ, XCode

ADDITIONAL REQUIREMENTS

- command of English – written and conversational
- diligence at work

OUR OFFER

- stable full-time job in a dynamically developing company
- opportunity for professional development and attractive remuneration
- pleasant atmosphere at work

If you are interested in the position, please send your application to k.marchwacka@vescom.pl
